

JONAS MUCHARDT-PIND

UX/UI Designer · Product Designer · Design System Manager

I'm a designer with a strong background in web design and a keen passion for developing intricate design systems. Skilled in fostering effective collaboration between design and development teams to ensure seamless implementation of designs. Proficient in HTML and CSS, facilitating smooth translation of designs into functional web experiences.

Experienced in agile approaches and capable of adapting to changing requirements and priorities. Dedicated to maintaining consistency, scalability, and reusability across platforms, utilizing tools such as Figma and the Adobe suite. Committed to delivering aesthetically pleasing solutions that prioritize accessibility and align with business objectives.

EXPERIENCE

UI/UX Designer

2024 - PRESENT

AISEL HEALTH

- Directing the UX process for the development of an advanced mental health AI, ensuring user-centric design and seamless interaction.
- Designing the user interface for Aisel AI, creating an intuitive and engaging visual experience that enhances user interaction.
- Developing a comprehensive Design System to ensure consistency, scalability, and efficiency across digital products.

Break from the job market

2023 - 2024

- Took some time off to de-stress, focus on family, write a children's book, explore hobbies like woodworking, and undertake a comprehensive home renovation project.

UI/UX Designer / Design System Manager

2022 - 2023

SKYBOX TECHNOLOGIES

- Build and maintained a multi-layered design system from the ground up using design tokens.
- Bridged the gap between design and development.
- Played a pivotal role in designing the product from UX research to usability testing and implementation, ensuring a user-centered solution that met both user needs and business objectives.
- Actively participated in the recruitment process for a junior designer, assuming responsibility for their initial training, seamless onboarding, and ongoing supervision.

Web Designer

2021 - 2022

WIRED RELATIONS

- Created new content for the company website and built a new online platform for privacy-focused news, enhancing user engagement and delivering valuable, secure information to the audience.
- Led the rebranding of Privacyboozt, developing a new identity, logo, and visual elements to modernize the brand and better reflect its commitment to privacy.
